**Farmers Market:**

No report

**Children's Garden:**

All anchor posts have been put in place with two left to be installed. All hoops have been disassembled and stacked and all hardware cleaned from the area of the greenhouse. Tomato hoops have been installed and all carts have been greased and tires inflated.

Material has been provided to assemble grape arbors to support the grape vines. Weeds growing in cracks in the pavement have once again been mowed. If public works could cold patch the cracks would be a great help and improve safety in the garden by eliminating a tripping hazard.
