New Business

1. TranSystems Report

- a. Casey Hardin and Aaron Budris attended the OMSP meeting and presented a power point showing various renderings of what a alternate Route 67 would look like.
- b. Valley Transit was contacted and is interested in further conversations with the First Selectman regarding a future Oxford transit system and the final draft of the study. A possible meeting was requested with First Selectman, George Temple.

2. Presentation by Jeff Luff, Oxford Economic Develop

Jeff presented a diagram of a vision for the Municipal Center. The diagram represented a possible 36 acre park that would surround the old Center School. Jeff emphasized that he would work with Oxford businesses to remove some material to create a level area for the park, however, it was up to the town to design and build a large park. The park would host a community pool, several all-purpose playing fields, tennis courts, basketball court and many other amenities. Oxford Parks & Recreation Department would oversee the new facility. Grants would be sought to complete the park and supplement municipal cost.

Adjournment

Tony Sanangelo moved to adjourn the meeting at 1:37. This was seconded by Tanya Carver. All Ayes. Motion carries

Respectfully submitted and subject to approval
