

(Continued)

- All vehicles are practically brand new and track ready.
- No vehicles or parts will be left outside.
- This is not a retail store. Vehicles will be picked up and dropped off by appointment only.
- It is a possibility to have 1-2 oil changes a day. - Property has an oil/water separator on site. Oil will be safely and securely stored and picked up by a reputable oil removal company.
- Cars will need to be detailed before applying paint protection.

How our paint protection is applied:

- Ceramic Pro is a liquid that is applied (similar to a wax) with a small sponge or microfiber, to the interior/exterior of a car. This keeps cars clean and shiny. It is hydrophobic.
- XPEL / Vinyl Wrap is a stretchy sticker that is applied to a vehicle's exterior to protect it from rock chips, scratches, and dents.
- Window Tint will be applied to protect glass and keep out harmful UV rays.

Performance Upgrades offered for our track and high performance vehicles: Turbocharger upgrades, Full exhaust set ups, wheels and tires, tuning software upgrades
